General Comment

i trade regularly in my retirement accounts and do a great job and I DO NOT WANT THE GOVERNMENT telling me what or how to invest my own money. Stay clear of putting rules in place for sophisticated investors. This is a farce -- if someone is willing and able to take risk with their own retirement monies, they should be able to do so without the government interfering. I am well aware of what I am doing, am highly educated and want the government to stay the heck away from my retirement monies.
